

The *all-rounder.*

Klauke® multi universal tools

When it comes to operations that require different applications all at the same time, Klauke® multi universal tools are the answer. They have interchangeable adapters and dies for crimping, cutting or punching. All standard operations can be flexibly accomplished using just one tool, ideal for service and repair teams for example.

The Klauke® multi comes as a hand-operated and battery powered hydraulic tool, as well as a universal head in combination with a Klauke system pump.

■ The all-rounder:

- ▶ One head for crimping, cutting and punching.
- ▶ Crimping adapters for Klauke dies of most Klauke ranges.
- ▶ Various cutting dies for aluminum and copper conductors with and without armouring, as well as rail catenary wires.
- ▶ Special dies for cutting threaded rods and DIN rails.
- ▶ Punching adapter for Greenlee punching tools.
- ▶ Used to punch holes in DIN rails and cut copper rails.

Benefits:

- ▶ **All standard operations can be accomplished with just one tool.**

This creates a weight advantage especially for repair and service teams.

- ▶ The 6 ton design is set apart by its low weight and extremely easy handling.
- ▶ Thanks to its design, the 6 ton mini+ version can be used even in tight spaces.
- ▶ The 12 ton tool offers wider crimping ranges and higher punching capacities.
- ▶ Only dies and/or adapters need to be changed for the various applications. A crimping tool can be turned into a cutting or punching tool within seconds.
- ▶ This boosts efficiency especially when it comes to assembly applications.
- ▶ All adapters and dies are compatible with all tools in the Klauke® multi range.

- **One tool - 3 functions.**
- **Interchangeable adapters for crimping, cutting and punching.**
- **Available as hand-operated, battery powered and hydraulic universal heads in combination with a Klauke system pump.**
